REACH statement

To whom it may concern

Roth Nordic A/S is aware of the REACH-regulations and the requirements of the RoHS directive and we are continuously keeping us updated.

Roth Nordic is a responsible company that works to contribute to sustainable development by integrating environmental and social concerns into our daily work. As part of our total quality management, we pay attention to environmental, health and safety impacts of our products and processes.

We have evaluated the content of our products and can guarantee that the products purchased from us comply with the law. We will only buy goods from suppliers which clearly express their will to comply to the REACH-regulations and the RoHS directive. We don't use any substances which are mentioned in the SVHC candidate list published by the ECHA.

Roth Nordic is aware of the obligation to inform our customers if a substance used by Roth Nordic A/S excess the limited value on the candidate list.
